

Online Team Registration Overview

To register as a team with Pet Partners you will need to create an account and submit your registration application online through the Volunteer Center.

Go to www.petpartners.org/volunteer/login to get started

Registration Steps

- Enter your handler information*
- Enter your animal's information*
- Indicate how you completed your handler training, uploading your Workshop Certificate if appropriate*
- Upload a current, completed Animal Health Screening Form
- Upload all pages of your Team Evaluation Score Sheets
- Provide information for your badge, including uploading a photo and indicating how your name should appear (renewing teams may use a previous photo on file)
- Agree to the terms of the Volunteer Agreement

When you have completed these steps, you will need to review and submit your application.

You will be unable to click Review and Submit until:

- All these items have been entered or uploaded
- Your Animal Health Screening Form has been approved
- Your team evaluation score has been confirmed by your evaluator
- If you are a minor or registering with an animal you do not own, Pet Partners has sent and received consent via email

Once you click Review and Submit, if applicable, you will receive an email from Sterling Volunteers within two business days containing a link to complete your background check. Once your background check results have been returned, Pet Partners will begin processing your application. Once it has been processed, you will receive an email letting you know that the payment link is available. Your registration is not final until payment has been received.

If you are unable to upload the necessary documents, you may submit them in alternate ways, but please understand this will slow down the processing time for your application.

Questions? Need assistance?

Don't hesitate to contact Pet Partners at www.petpartners.org/contact-us or call 425-679-5530

*Renewing Teams are not required to submit this information
